This gift is so overwhelming
It chases and runs after me
I'm reminded of all
That your love has done for me

This wave rolls and it thunders
It drags and pulls me to deep
My fear has no place
For this tide now covers me
My fear has no place
For this tide now covers me

Your love's like an ocean, never ending
Wave after wave, the deeper it flows in me
Your love's like an ocean, a powerful sea
Wave after wave, your love oh it changes me

This feat has paid for my ransom
And flows like a rushing sea
My wrongs have no claim
Now all guilt has been washed from me
My shackles replaced
For your blood has wiped me clean

Your love's like an ocean, never ending
Wave after wave, the deeper it flows in me
Your love's like an ocean, a powerful sea
Wave after wave, your love oh it changes me
