

You Fight For Us

Written by Nathan Hornsby

Key: G / BPM: 125

(Intro)

Verse 1:

Behold the King
Who will defend the weakest frame
Behold the one
That holds the hurt and heals the lame

Verse 2:

Behold the King
Who breaks the seas to free the slave
Behold the one
That tears down prison walls to save

Pre-Chorus:

Up from the dust to end of light
You go before, you're on our side

Chorus:

You're God, and you fight, you fight for us
No other name can rival yours
You are God, God of all
You are God, yes your crown it overthrows
No other name but only yours
Curses fall when voices call
You are God, God of all

(Instrumental)

Verse 3:

Behold the King
Who grants us life with final breath
Behold the one
That claimed the keys, defeated death

Pre-Chorus:

Up from the dust to end of light
You go before, you're on our side

Chorus:

You're God, and you fight, you fight for us
No other name can rival yours
You are God, God of all
You are God, yes your crown it overthrows
No other name but only yours
Curses fall when voices call
You are God, God of all

Bridge:

Your blood is our defence
Even death himself can't hold you down
What could stand against the greatest name of all
Your blood is our defence
Even death himself can't hold you down
What could stand against the greatest name of all

Chorus:

You're God, and you fight, you fight for us
No other name can rival yours
You are God, God of all
You are God, yes your crown it overthrows
No other name but only yours
Curses fall when voices call
You are God, God of all
