

Your Presence Still

Written by Nathan Hornsby

Key: Gb / BPM: 150

(Intro)

Verse 1:

In every whisper of the day
Your presence urges me to say
Yes I know, you are near

Verse 2:

With every doubt that heads my way
Your peace is always here to stay
Yes I know, you are near
Yes I know, you are near

Chorus:

Your presence still is here with me
By my side, through it all, you're the one I need
You're never failing, you are strong in me
Your presence still is here with me
You give peace to my soul in the troubled seas
You're ever faithful, you are God with me

Verse 3:

Amidst the torment of the night
I'll trust that you are by my side
Yes I know, you are near
Yes I know, you are near

Chorus:

Your presence still is here with me
By my side, through it all, you're the one I need
You're never failing, you are strong in me
Your presence still is here with me
You give peace to my soul in the troubled seas
You're ever faithful, you are God with me

Bridge:

I will not fear, for you are with me
I won't be moved, for you are God
I am stronger, for your hands hold me
You're my strength, you are my God

Chorus:

Your presence still is here with me
By my side, through it all, you're the one I need
You're never failing, you are strong in me
Your presence still is here with me
You give peace to my soul in the troubled seas
You're ever faithful, you are God with me
