Verse 1:

As we gather in your name
God, we anticipate
Your presence once again
Open hands, expectant hearts
There's freedom where you are
Holy spirit enter in

Chorus:

God, come and fill this room
Just like you promised to
Holy spirit have your way in in us we pray
God, come and break the chains
Freedom to bring you praise
Holy spirit have your way in us we pray

Verse 2:

You give access to your name
We trust your higher ways
Holy fire fall again
Signs and wonders to be seen
Only you know what we need
Holy spirit enter in

Chorus:

God, come and fill this room
Just like you promised to
Holy spirit have your way in in us we pray
God, come and break the chains
Freedom to bring you praise
Holy spirit have your way in us we pray

Bridge:

Here in your presence, show us your glory
Show us your power now
Spirit, here in your presence, show us your glory
Show us your power now
Here in your presence, show us your glory
Show us your power now
Here in your presence, show us your glory
Show us your power now

Chorus:

God, come and fill this room
Just like you promised to
Holy spirit have your way in in us we pray
God, come and break the chains
Freedom to bring you praise
Holy spirit have your way in us we pray
